## NATIONAL VETERANS OUTREACH PROGRAM

### OUR MISSION

To establish and maintain a comprehensive community service agency with a diversified funding source that will serve the needs of veterans, their families, and other needy individuals of the community.

Launched in San Antonio, Texas in 1972, the American G.I. Forum National Veterans Outreach Program (AGIF-NVOP) first sought to reach out to disenfranchised veterans of the Vietnam War by engaging other Vietnam-era veterans to communicate the availability of local resources and services for ex-military personnel. The initiative struggled with various hurdles early on, the most significant of which is funding, but eventually gained critical support from other veterans service organizations as well as influential community and civic leaders. Since 1972 we, the NVOP, have remain committed to needs of the under served veteran populations.

### PROGRAMS OFFERED

The NVOP employs trained case managers who provide job search assistance. Case Managers assist veterans with developing an individualized action plan to address the needs and employment goals of the veteran. This service includes a basic skills assessment, resume building, interviewing skills and working directly with employers seeking to hire veterans. The NVOP utilizes a network of service providers, educational facilities, and employers to meet the needs and goals of our veterans. Veterans can find their nearest NVOP case manager in the following locations:
