NATIONAL 501C3 NON-PROFIT ORGANIZATION

SPORTS

Heroes Sports is based in San Antonio, Texas and offers five sport supports baseball; as this

was the first sport which fueled the organization to become a nonprofit. We also offer slow pitch softball, golf, volleyball and basketball.

Heroes Sports also participates in special sporting events like celebrity sports games and events. This is a unique opportunity to honor our service members and veterans in a showcase game, which is fun and exciting and allows professional athlete celebrities and the community to be a part of special events for our heroes.

OUTDOORS

Our foundation is dedicated to making available world-class hunting and fishing opportunities to veterans and active-duty service members. Heroes

Sports outdoor program is a vital part of our organization's overall mission to honor and serve our Nation's Finest!

We are very proud of the staff we have assembled to lead this effort. With decades of experience on the water and in the field, we have built valuable relationships with landowners, guides, and others in the hunting and fishing industry that are excited to partner with our program, and get behind our heroes.

Heroes Sports Outdoors is dedicated to providing the best experience possible to the military community and will continue to expand our services to multiple states in 2017. We thank our partners who support our efforts, and the veterans who allow us to host them!

RECREATION

Heroes Sports offers several ways to get service members and veterans out of the house and

interacting in the community. We participate in parades to honor the service members who participate and make the community aware of their service.

Outdoor concerts are sponsored by Heroes Sports to provide an outing for our veterans through music and entertainment. We are also grateful for partnerships with professional sports teams, which allow our veterans to attend sporting events with their families, supporting the veteran households.

CEO MIKE BARKER

Heroes Sports Inc. was founded on October 30, 2015 as a way to give back to our service members and veterans. As an eight year Army veteran, having treated thousands of post war injured service members, my goal was to provide health and wellness opportunities, instill camaraderie and help with transition back to civilian life.

The mission of Heroes Sports is to honor the service of veterans and wounded service members who served our country by providing a team atmosphere. We provide sports, outdoor and recreational opportunities to maintain physical and mental health to help with issues like PTSD, TBI and veteran suicide.

WHO WE ARE

Heroes Sports is a non-profit organization that is committed to supporting our service members and military veterans. Heroes Sports seeks to provide our veterans with assistance and opportunities assuring a smooth and well-rounded return to civilian life.

The organization is dedicated to supporting our returning military service members and veterans with opportunities to play multiple sports, to promote an active lifestyle. We encourage the veterans to bond through teamwork and to be active in the community. Many of our veterans are amputees suffering from Post Traumatic Stress Syndrome (PTSD) or Traumatic Brain Injury (TBI). Heroes Sports is committed to providing these opportunities for our veterans as a form of therapy.

Heroes Sports was founded in San Antonio, Texas and continues to be our home for business operations. Although we call Texas home, our goal is to reach veterans across the country in every state and around the world. Our first chapter outside of headquarters is in Monroe, Louisiana. Local veterans had a fundraiser to start programs in the area and the first sport we offered there was a bowling league. We will continue to reach veterans through sports, outdoors and recreation in the community.
